Last week, the rain was falling so heavily. It was the beginning of the rainy season and was the first rain after long dry season. I found some leaks on the roof. I tried to find a ladder to climb up to it to fix it. It was Sunday at 2 p.m., I brought the ladder and set it up to the roof. Water from the leaks made the foot hold wet. For my safety, I asked my brother to hold the rear side rails of the ladder. And I started to step my feet on its steps, one by one. At that time, I was too confident and not careful. I thought I was strong enough to avoid slipping. When the ladder became wetter, I already felt the slippery surface. However, I did not pay attention to it and kept climbing. A tragedy came when my brother forgot to hold the rails. As soon as he turned away, I suddenly lost my balance. And only seconds afterward, I slipped from the ladder and fell to the floor. It happened so fast that I needed several minutes to realize what was really going on.

Then, my two elder brothers checked me out and asked if I was okay. They carried me to a more comfortable place. Later on, they gave me first aid. However, my condition was not fine after that, and I was brought to the nearest doctor to get proper medical treatment. It was my fault that I was not careful with the hazardous situation.

I have an excellent father His strength is making me stronger God smiles on my little brother Inside and out he's better than I am I grew up in a pretty house And I had space to run and I had the best days with you	And now I know why the all the trees change in the fall I know you were on my side Even when I was wrong And I love you for giving me your eyes Staying back and watching me shine and
There is a video I found From back when I was three You set up a paint set in the kitchen And you're talking to me It's the age of princesses and pirate ships And the seven dwarfs And Daddy's smart And you're the prettiest lady in the whole wide world	I didn't know if you knew So I'm taking this chance to say That I had the best day with you today
